# BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF HAWAII

In the Matter of the Application of) KGML BACK HOE SERVICES LLC For a Motor Carrier Certificate or ) Decision and Order No. 22580 Permit.

Docket No. 2006-0046

# DECISION AND ORDER

By this Decision and Order, the commission grants KGML BACK HOE SERVICES LLC ("Applicant") a certificate of public convenience and necessity ("Certificate") to operate as a common carrier of property by motor vehicle over irregular routes on the island of Maui in the general commodities and dump truck classifications, subject to certain conditions, as described herein.

I.

### Application for Common Carrier Authority

On March 3, 2006, Applicant filed an application requesting a Certificate to operate as a common carrier of property by motor vehicle over irregular routes on the island of Maui in the general commodities, dump truck, and specific commodities (equipment) classifications. The application is made pursuant to Hawaii Revised Statutes ("HRS") § 271-12.

Applicant served copies of the application on the Hawaii Transportation Association, which consists of carriers that may be affected by Applicant's proposed service, and on the Division of Consumer Advocacy, Department of Commerce and Consumer Affairs ("Consumer Advocate"). The Consumer Advocate did not participate in this proceeding, and no persons moved to intervene in this docket.

II.

# Findings and Conclusions

Based upon our review of the record, we find that Applicant is fit, willing, and able to properly perform the proposed services, and to conform to HRS chapter 271 and the requirements and rules of the commission. We also find that the proposed services are required by the present and future public convenience and necessity. Accordingly, we conclude that Applicant's request for operating authority in the general commodities and dump truck classifications should be granted.

With respect to Applicant's request to operate as a carrier of property in the specific commodities (equipment) classification, the commission notes that transportation of equipment is allowed under the Applicant's general commodities authority when granted. We, thus, find that Applicant's request to operate in the specific commodities (equipment) classification is unnecessary and should be dismissed.

# <u>Orders</u>

#### THE COMMISSION ORDERS:

- 1. Applicant's request to operate as a common carrier of property by motor vehicle over irregular routes on the island of Maui in the specific commodities (equipment) classification is dismissed.

- 3. Applicant shall comply with all of the commission's requirements for common carriers by motor vehicle including, but not limited to, filing a lawful tariff, paying a fee of \$20 for motor carrier gross revenues, and filing the appropriate insurance documents.
- 4. Applicant shall comply with the foregoing requirements within one hundred and twenty (120) days after service of this Decision and Order. Failure to comply within the time specified constitutes cause for this commission to vacate this Decision and Order.
